	Total		1,923,693	1,201,971,504	151,640,764	70,843,995	2,120,501	38,644,283	334,310,659	156,184,275	625	7.88	3.68	18.22

Note: - All values are taken directly from each property MINFILE file. These are reported tonnage and grade. The actual tonnage and metal content may be higher.
 - Some past producers had their production hauled via a separate but connected mine. (i.e. the majority of the Slocan King ore was removed through the Silversmith Mine) and hence MINFILE production figures could be distorted.
